

WAO2023 International Workshop on Accelerator Operations

Tuesday, 12 September 2023

How Does the Machine Learning Integrate with Operation? (09:00 - 10:30)

time	[id] title	presenter
09:00	[21] OR22 - Machine Learning as a tool for accelerator operation: status, pros, cons and futur deployments.	LEFORT, Bertrand
09:25	[22] OR21 - Online reinforcement learning control of beam collision at IP for BEPCII	FAN, Jiaqi
09:45	[23] OR24 - Application examples of the machine learning in KEK	SHIMADA, Miho
10:05	[24] OR23 - Transitioning the Use of Machine Learning from Physics Study to Production Operation*	PETERS, Charles
